Published on *Department of Residence* (http://uni.edu/dor)

UNI Dining Services is happy to assist you in avoiding certain allergens or with other special dietary assistance. A note from your medical provider will be required to do so.

Please ask a manager of the residential restaurant you eat in for assistance with your allergies or any other special dietary needs. If you would like to set up an appointment with the Dining Services Dietitian at UNI Dining Services, please call (319) 273-6937 or email Lisa.Krausman@uni.edu.

Be aware that nutrient analysis, ingredient and allergen information will be on our web site. There is a link at the top of this page or from the Quick Links section from our main page. Once you have clicked on Menus, choose a venue. Click on the big red apple for a food made available during that meal. To view nutrient analysis and ingredients click on your food of choice. There is a possibility that formulations may change from manufacturers, so **do not hesitate** to ask questions while in the dining commons.

Allergies

- Dairy & Milk Allergies or Lactose Intolerances
- Egg Allergies
- Soy Allergies
- Tree Nut and Peanut Allergies
- Wheat Intolerance & Allergies
