Home > Room Assignments

Your room assignment letter indicates (or confirms) your roommate and room assignment for fall semester. This information is accurate as of the date it was mailed, but it is subject to change if cancellations occur. We will attempt to notify you if any assignment changes occur in your room. You may view your information <u>online</u>. Please note that you will not be able to make any changes from this link.

Quick Links promoted in the assignment letter:

- Move-in Day Details
- <u>View your meal plan and make changes</u> This is part of your original contract and will need to be changed there.
- <u>2-Year Advantage Information</u> (including how to sign up if you haven't already done that)
- Print a campus map
- Enter contact information in the UNI Alert system

Full Year Contract

Your housing and dining contract is for the entire academic year or for two academic years if you have a 2-Year Advantage contract. There are financial penalties for breaking your contract.

Disability and Special Health Needs Accommodation

If you have not already notified us by indicating special needs on your housing/dining contract, please do so immediately. Timeliness determines our ability to meet your disability or special health needs. If you feel you have a need for an air conditioner or special accommodation in your room please visit the <u>Student Disability Services website</u> for information of the procedures to follow to obtain approval. For safety reasons, air conditioners will not be installed in Bender and Dancer Halls.

Contact Your Roommate

As soon as you get your roommate's name and phone number, give him or her a call. Take some time to get to know one another. Discuss what you will be bringing and which of those things you might share (to prevent duplication and waste of space).

Room Layout

Your room layout may be viewed by logging into your housing contract. In the Contract Status section, see "Room Reservation Details" and link to "View Floor Plan" at the base of the screen. This will take you to a view of the floor plan for your room. You can zoom in and out to see proximity to lounges, stairs, bathrooms and more. Additional room measurement detail will be available on the <u>Residence Halls webpages</u> after June 21.

Smoking

Smoking is not allowed on campus. This includes all of the residence halls.

Smooth Move
