

Add to Trusted Sites (Internet Explorer Only)

Purpose: If the user is able to access the Student Information System (SIS), but unable to click on any buttons, they may have to add the SIS to their trusted sites.

Browser	Action
<p>Internet Explorer</p>	<ul style="list-style-type: none"> • Select Tools, Internet Options from the menu bar or use the Tools drop-down menu in the upper right corner • Click the <i>Security</i> tab • Click the Trusted Sites icon, and then click the Sites button  <p>The screenshot shows the 'Internet Options' dialog box with the 'Security' tab selected. The 'Trusted sites' icon is highlighted with a red circle. Below it, the 'Sites' button is also circled in red. The 'Security level for this zone' is set to 'Medium'. A yellow banner at the bottom indicates that some settings are managed by the system administrator.</p>

Browser	Action
	<ul style="list-style-type: none"><li data-bbox="428 317 1396 384">• In the Trusted Sites box, add https://*.uni.edu to the Add this website to the zone. Click the Add button. <div data-bbox="477 422 1089 968"></div> <div data-bbox="1109 478 1408 856"><p>Note: In this example the site has already been added and the Trusted Sites is grayed out (not available). This means that this option is being centrally managed by your division tech support.</p></div>
