All fees, charges, and costs shown on this budget sheet are estimates for the faculty-led program and term indicated. These estimates draw from currently available information and may change at any time during the application process or during the program. Participation in non-program related travel and activities will incur additional costs.

* Amount listed is the estimated cost of group airfare out of the **Eastern Iowa Airport in Cedar Rapids** arranged by the Study Abroad Center for the program through a travel agency. Depending on a variety of factors, participants may either fly individually and pay the airline directly for their airfare OR fly as a group and pay a designated travel agency for their airfare. Program participants will be informed on how to purchase airfare once they are committed to participation, in the months prior to program departure.

** Estimates for personal expenses, or non-program meals and transportation when applicable, are based off this program's anticipated itinerary as well as the program's planned duration. Itineraries are subject to change. The extent to which food, personal necessities, and public transportation costs are covered by the core program cost varies from program to program. All such costs are computed using a "live like a student" model. Dining out, taking taxis instead of public transit, extended foreign travels, purchasing souvenirs, and partaking in optional non-program related activities will all increase your total program cost.
