Estimated U-bill + Out-of-Pocket Costs

The estimated total cost of this program is comprised of two primary components: A. charges that will post to your U-bill at the beginning of the program's term, and B. out-of-pocket costs that you will pay directly yourself before, during, and possibly after the program. These two categories are detailed in the sections above. Final cost dependent upon actual airfare cost, exchange rate at time of payment, etc.

$5,745 - $6,245

All fees, charges, and costs shown on this budget sheet are estimates for the faculty-led program and term indicated. These estimates draw from currently available information and may change at any time during the application process or during the program. Participation in non-program related travel and activities will incur additional costs.

*To account for variance due to currency exchange rates, group size, inflation, etc., a range for Program Cost has been calculated.

** International airfares can vary significantly between air carriers and selected flight itineraries. The airfare estimate shown uses this program's estimated start and end dates. All airfare estimates assume a single roundtrip flight between Chicago O'Hare (ORD) and this program's designated destination airport in the host country. Flight itineraries originating or terminating at airports other than the program's designated airports, or those that include upgraded seating or supplemental amenities, may increase airfare cost. To account for cost variance, a range for airfare has been calculated.

*** Estimates for personal expenses, or non-program meals and transportation when applicable, are based off this program's anticipated itinerary as well as the program's planned duration. Itineraries are subject to change. The extent to which food, personal necessities, and public transportation costs are covered by the core program cost varies from program to program. All such costs are computed using a "live like a student" model. Dining out, taking taxis instead of public transit, extended foreign travels, purchasing souvenirs, and partaking in optional non-program related activities will all increase your total program cost.
