ARTICLE X - GRIEVANCE PROCEDURE

10.2 General Procedures

10.21 Time Limits
The failure of an aggrieved person to act on any grievance within the prescribed time limits will act as a bar to any further appeal. An administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step in the grievance procedure. Time limits may be extended by mutual agreement.

10.22 Process
The investigation, handling or processing of any grievance by the grieving person or the United Faculty shall be conducted so as not to interfere with specifically assigned duties. Any departure from this provision shall be by mutual agreement.

10.23 Election of Forum
If the grievant files any claim or complaint in any forum other than under the grievance procedure of this Master Agreement, then, while such claim is pending or after it has been adjudicated, the Board shall not be required to process the same or a substantially equivalent claim through this grievance procedure.

10.24 Filing of Initial Grievance
A Faculty member who alleges that contract provisions have been violated shall initially seek to resolve the problem by informal means through administrative channels. This procedure must be initiated within thirty (30) days following the time at which the aggrieved party coupled reasonably believed his or her grievance to have occurred. However, under no circumstances shall a grievance be considered timely after twelve (12) calendar months from the date of occurrence.

10.25 Written Grievance
A formal grievance must be submitted in writing and shall contain a concise statement of the facts surrounding the grievance. The grievance form shall be filed on the form approved by the parties, which shall be obtained from the United Faculty.

10.26 Written Limitations
A formal grievance will be processed only if filed within forty-five (45) days following the time at which the aggrieved party coupled reasonably believed his or her grievance to have occurred. The grievance form shall contain an endorsement indicating the United Faculty's receipt of a copy of the complaint.

10.27 Days Defined
In all references in which "days" is specified in this Article the term refers to class days. Saturdays, Sundays, holidays, and days when classes are not in session are not counted. Class days during summer session will be counted for faculty on summer appointment (teaching and research) for the whole (8) weeks regardless of period of appointment of Faculty Member. By mutual agreement between United Faculty and the Board class days may not be counted for faculty on summer appointment. Class days for Faculty not on summer appointment will not be counted except by mutual agreement between United Faculty and the Board. When counting days, the day the grievance is received at any point in the procedure shall be considered "day one."

10.3 Formal Levels

10.31 Level One
The grievance form shall be filed with the grievant's Department Head who shall respond within fourteen (14) days, indicating her/his disposition of the case. The Department Head shall distribute copies as indicated on the approved grievance form.

10.32 Level Two
The aggrieved person may, within fourteen (14) days of the receipt of the disposition of the case at Level One, appeal to the appropriate Dean in writing, with the endorsement of United Faculty and, within fourteen (14) days of receipt of the appeal, indicate her/his disposition in writing, with a copy to United Faculty.

10.33 Level Three
The aggrieved person may, within fourteen (14) days of the receipt of the decision at Level Two, appeal to the President or her/his designee, with the endorsement of United Faculty. The President or designee shall, within fourteen (14) days of receipt, indicate her/his disposition in writing, with a copy to United Faculty.

10.4 Arbitration (Level Four)

10.41 Notice of Arbitration
The United Faculty, who submits a grievance to arbitration with the consent of the grievant and with notice to the President and copy to the Board office, provided written notice of intent to arbitrate is delivered to the office of the President within twenty (20) days of the receipt of the President's response at Level Three.

10.42 Selection Procedure
The arbitrator shall be chosen according to the following procedure:

10.421 - The arbitrator shall be chosen from a permanent panel established by the parties. The permanent panel shall consist of seven arbitrators and shall remain in force for the two-year period covered by this Arbitration Procedure.

10.422 - All arbitrators on the panel shall be employed by a four-year college or university and shall not be a former or current employee of the Board (unless otherwise mutually agreed by the parties). All arbitrators offered by the parties for inclusion on the panel shall be on the arbitrators lists of the American Arbitration Association and/or the Iowa Public Employment Relations Board.

10.423 - The arbitrators shall select the members of the permanent panel through consensus. The arbitrators shall first attempt to determine the members of the permanent panel through consensus. If the panel is not mutually agreed upon through consensus, a list of eight (8) names with the qualifications specified in Paragraph 10.422 shall be submitted by each party to the President. The arbitrators shall select the members of the permanent panel from the list submitted by the parties.

10.424 - If, during the term of the panel, a vacancy should occur or the parties mutually agree to remove a member of the panel, each party shall submit three (3) names. The parties shall alternate strike names until only one remains, and such remaining person shall be a member of the new panel.

10.425 - If a grievance has been brought to arbitration, the parties shall, within 14 days, meet to select the arbitrator. The panel shall consist of three arbitrators. The person who remains shall be the arbitrator. The parties shall promptly notify the arbitrator of her/his selection, unless an alternative procedure has been agreed to by the Board and United Faculty. The aggrieved person shall be notified of the arbitrator’s name. When the aggrieved person has been notified of the arbitrator’s name, the arbitrator shall be chosen from a list of arbitrators established by the parties. The arbitrator so selected shall confer with the President or designee and the United Faculty and hold hearings promptly and shall hear her/his decision not later than thirty (30) calendar days from the date of the close of the hearings or, if written briefs have not been waived, then from the date the final statements and proofs on the issues are submitted to her/him. The arbitrator’s decision shall be in writing and shall set forth her/his findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall have no power to alter, add, or detract from the specific provisions of the Agreement. The decision of the arbitrator shall be submitted to the President and the United Faculty and shall be final and binding on the parties.

10.44 Costs
The costs for the services of the arbitrator, including per diem expenses, if any, and actual and necessary travel and subsistence expenses shall be borne equally by the Board and the United Faculty. Any other expenses incurred shall be paid by the party incurring the same.

10.5 Rights of Employees to Representation

10.51 Employee and United Faculty
Any aggrieved person may be represented at all stages of the grievance procedure prior to Level Three by herself/himself, or at United Faculty’s option, by a representative selected or approved by the United Faculty. The United Faculty shall have the right to be present at all levels as a party of interest.

10.52 Separate GRIEVANCE File
All written grievance, documents, communications, and records dealing with the processing of a grievance shall be filed in a separate grievance file. The grievance file shall be accessible during business hours to the grievant and United Faculty upon the request of either.

10.53 Arbitration Hearings
All hearings before the arbitrator under this procedure shall be open except if the parties mutually agree that the proceedings should be closed, or the arbitrator orders the proceedings closed for cause.

PRINCIPLES, STANDARDS, AND PROCEDURES FOR FACULTY APPOINTMENTS, PROMOTIONS, AND TENURE

I. PRINCIPLES, STANDARDS, AND PROCEDURES FOR FACULTY APPOINTMENTS

A. General terms and conditions of appointments shall be stated in writing. In addition to the letter of offer, all appointments are governed by relevant policies as stated in the Policies and Procedures Manual and any applicable sections of a faculty Collective Bargaining Agreement.

B. Evaluation of an individual with respect to appointment to the faculty is made without reference to race, sex, creed, age, or any criteria prohibited by law.

C. For all appointments to the faculty, the primary standard is that the candidate to be appointed is the candidate best qualified for the position among those available for it.

D. It is expected that Faculty Members will have, at the time of appointment or within a reasonable period thereafter, the terminal degree appropriate to their disciplines and positions, except as noted in paragraph (E). Specifically:

1. For initial appointment at the rank of Assistant Professor, candidates will normally possess the appropriate terminal degree and will show experience of or strong potential for excellence in teaching, productive research/scholarship, creative achievement, and professional service.

2. For initial appointment at the rank of Associate Professor or Professor, candidates will have the appropriate terminal degree and will have substantial experience demonstrating excellent teaching, productive research/scholarship, creative achievement, and professional service. Initial appointments at the senior ranks are based on the same criteria as promotion to those ranks.

E. Although in most academic disciplines and for most faculty positions the appropriate terminal degree is the doctorate, the University recognizes that in some disciplines and for some positions other degrees are customarily regarded as the highest normally appropriate to scholars in those areas. The University also recognizes that in exceptional instances there can be experience and/or training other than formal degree work that qualify a Faculty Member or candidate as teacher and scholar as effectively as a formal degree program. Such instances will be based on a considerable record of achievement, such as a substantial record of published research in professional journals. For those disciplines or positions where the appropriate terminal degree is normally not the doctorate, the degree requirement, if any, will be stated in established polices initiated by the department affected and agreed to by the College Dean and the Executive Vice President and Provost. In the absence of any established policy to the contrary, the terminal degree for all disciplines and positions is the doctorate.

TEMPORARY APPOINTMENTS

A. A temporary appointment runs for a precisely stipulated short term, usually one year or less. It terminates automatically at the expiration of the stipulated term. It carries no implications of renewal or continuation beyond the stipulated term.

B. A temporary appointment may be terminated during a given year only for a good cause and only in accordance with the requirements of due process as approved by the Board of Regents, State of Iowa, June 30, 1973, and any applicable sections of the Collective Bargaining Agreement.

TERM APPOINTMENTS

A. A term appointment is a multiple-year appointment, i.e., two, three, or four years, which expires as specified by the initial letter of appointment. Initial appointments may not exceed a total of four years. When positions become vacant by expiration of the term of appointment, a search must be conducted.

B. A term appointment may be terminated during a given year only for just cause and only in accord with any applicable sections of the Master Agreement.
PROBATIONARY APPOINTMENTS

A. A probationary appointment, like a temporary appointment, runs for a stipulated short term, usually one year. Unlike a temporary appointment, however, it carries the implication that, if the appointee's services are judged by the University to be satisfactory, the appointment will be renewed year after year until, normally, a total of six years of probationary service shall have been accumulated; however, the University may offer reappointment for a seventh probationary year. The tenure standards for the seventh year will be the same as during the sixth year.

B. A probationary appointment may be terminated at the end of any term, provided that written notice of the intention to terminate has been given by the University to the probationer in good time. Specifically: if the appointment is to be terminated at the end of the first year, notice shall be given by March 1; if at the end of the second year, by December 15; if at the end of any later probationary year, twelve months in advance.

C. A probationary appointment may be terminated during the term, but only for just cause and only in accordance with any applicable sections of the Collective Bargaining Agreement.

D. The probationary period provides the opportunity to meet the requirements for tenure.

E. By March 1 of every year, every Faculty Member on a probationary appointment shall receive official written evaluation of his/her work to date.

F. Continuance of a probationary appointment is made upon a recommendation of the faculty. In the event the recommendation of the Department Head in a continuance of a probationary faculty member is different from that of the PAC, the Department Head shall provide the PAC with the Department Head’s written rationale and recommendation at the same time the Department Head’s rationale and recommendation is forwarded to the Dean. In the event the recommendation of the Dean in a continuance of a faculty member is different from that of a PAC, the Dean shall provide the Department Head and PAC with the Dean’s written rationale and recommendation at the same time as the Dean’s recommendation is forwarded to the Executive Vice President and Provost. In the event that the Executive Vice President and Provost’s decision regarding continuance is different from that of the PAC, the Executive Vice President and Provost will provide the Dean, Department Head, and PAC with a written rationale for that decision by March 1 as provided in E above. Nothing herein shall diminish the confidentiality of the faculty member’s file. The final responsibility for a decision rests with the appropriate academic officers. The Deans and Executive Vice President and Provost have a responsibility to ensure that recommendations for continuance or termination of probationary faculty reflect high University standards, while acknowledging the diversity of missions and tasks within the various colleges and programs of the University.

II. PRINCIPLES, STANDARDS, & PROCEDURES FOR PROMOTION AND TENURE

A Promotion and Tenure decision is a crucial judgment that vitally affects the University, its faculty, its students, and its supporting public. Of necessity, it is a subjective judgment about potential performance based on a current evaluation.

Only probationary faculty are eligible to be considered for tenure. Individuals holding adjunct, term, temporary, visiting, nonacademic, or appointments other than probationary at the University are not eligible to be considered for tenure. No person, by time, degree, or accomplishment, acquires an automatic right to Promotion and Tenure.

Normally an Instructor serves at least three years in rank before promotion to Assistant Professor; an Assistant Professor completes at least six years of service, including at least three years as an Assistant Professor, before promotion to Associate Professor; and an Associate Professor completes at least six years in rank before promotion to Professor.

---

1 The term (period) of the appointment is specified in the letter of offer; it is normally one academic year but may be for a shorter period.
The following criteria and procedures apply to decisions concerning Promotion and Tenure:

A. Tenure and promotion to Associate Professor requires that the candidate have a documented record of accomplishment in teaching, research/scholarship/creative achievement, and professional service. It is recognized that each candidate will have varied degrees of accomplishment in the three areas. Only after an affirmative judgment as to documented teaching effectiveness has been made can serious consideration be given to an evaluation of research/scholarship/creative achievement, and professional service.

In considering an individual for promotion, attention is given to all available information, such as: evidence of successful teaching; quality of research/scholarship and professional publications; artistic productivity; the esteem in which the Faculty Member is held by students, colleagues, and administrative officers; professional growth; participation in University activities and contributions to the general welfare of the University.

1. The primary assessment of the candidate for promotion is made by her/his colleagues in her/his department, through established assessment procedures, in accordance with applicable sections of a Collective Bargaining Agreement, although the decision to promote is the responsibility of academic officers.

2. The assessment will not only include a scrutiny of the candidate's record, but also calls for one or more formal assessments by the candidate's students and classroom visitation by colleagues.

3. Departments may seek assessments of a candidate from colleagues in her/his academic field in other institutions.

B. The person must hold the doctorate or other terminal degree appropriate to her/his academic discipline. In unusual cases of extraordinary professional achievement, the requirement for the terminal degree may be waived.

C. Evaluation for Promotion and Tenure is required during the sixth year of probationary service. The awarding of Promotion and Tenure prior to the expiration of the sixth year of probationary service will be made in cases of exceptional merit.

The person must demonstrate, during the probationary period, the ability to apply the doctorate, or other comparable terminal degree-level of training to teaching, research/scholarship/creative work, and public professional service. A Faculty Member with the rank of Assistant Professor who is considered for tenure will also be considered for promotion to Associate Professor.

Faculty Members who demonstrate exceptional performance in teaching, research/scholarship/creative work, and professional service may be considered for promotion before the completion of the years of service specified above.

D. Because the qualifications for promotion to Associate Professor and tenure are identical, an Assistant Professor who possesses the qualifications for tenure generally will receive simultaneous evaluation for promotion to the rank of Associate Professor. Situations may occur, however, where the tenure decision is considered independently from promotion in rank, such as the case of Faculty Members appointed to the Malcolm Price Laboratory School or that of an Associate or Full Professor initially hired without tenure.

Faculty holding probationary appointments in the Price Laboratory School with the rank of Instructor are eligible for tenure consideration based on their teaching, service, and contributions to the teacher education program.

Price Laboratory School faculty with earned doctorates or other terminal degrees appropriate to their discipline may be appointed or promoted to Assistant Professor, and will be considered for tenure under standard University tenure criteria and procedures.
E. In those cases of an Assistant Professor who holds tenure, promotion from Assistant Professor to Associate Professor requires a documented record of accomplishment in teaching, scholarship/research/creative achievement, and professional service.

F. Promotion from Associate Professor to full Professor requires recognized and significant accomplishments in the areas of teaching, research/scholarship/creative work, and professional service.

G. A tenured appointment or promotion is made upon recommendation from the faculty. In the event the recommendation of the department head in a Tenure or Promotion decision is different than that of PAC, the department head shall provide the PAC with the department head’s written rationale and recommendation at the same time the department head’s rationale and recommendation is forwarded to the Dean. Nothing herein shall diminish the confidentiality of the faculty member’s file. The final responsibility for a decision rests with the appropriate academic officers. The Deans and Executive Vice President and Provost have a responsibility to ensure that recommendations for Promotion and Tenure reflect high University standards while acknowledging diversity of missions and tasks within the various colleges and programs of the University.

H. Evaluation of individuals with respect to promotion in rank is made without reference to race, sex, creed, age, or other criteria prohibited by law.

I. A tenured appointment can be terminated only for just cause and only in accordance with any applicable section of the Collective Bargaining Agreement.

MEMORANDUM OF UNDERSTANDING

Whereas, the Board of Regents, State of Iowa, as governing body for the University of Northern Iowa (“UNI”) (hereinafter referred to as “Employer”), and UNI-United Faculty (hereinafter referred to as “Union”) are parties to a Master Agreement setting the terms and conditions of employment for faculty covered by the agreement; and

Whereas, during negotiations for the current Master Agreement the Employer proposed establishing clinical faculty appointments. This proposal was neither incorporated into the 2007-2009 Master Agreement nor the 2009-2011 Master Agreement nor the 2011-2013 Master Agreement; and

Whereas, a committee with representatives from both parties was formed to study the issue of establishing clinical faculty appointments at UNI and develop recommendations; and

Whereas, the parties agree that establishing renewable term faculty appointments for positions that require clinical teaching, supervision, or direction is in the parties’ best interest and accordingly agree to the following provisions:

I. Renewable Term Appointments

Renewable term faculty hold faculty positions through which they contribute to the service or teaching missions of the University and hold the rank of instructor. Renewable term faculty are not eligible for tenure.

A. Terms of Appointment of Renewable Term Faculty

1. Candidate must have earned a terminal degree in the field or be recognized as having expertise by the search committee.

2. Initial appointment is for a minimum of two years. The initial appointment will be made on the basis of a department/school search process consistent with searches for tenure track positions. The first two years of service are considered “probationary.” Thereafter, reappointment will be for one year at a time, following assessment and evaluation procedures outlined in Article 3, Master Agreement, that conclude with a satisfactory performance evaluation by the PAC and University Administration.

B. Transfers between Tenure-Track or P&S Appointments and Renewable Term Faculty Appointments.
Any individual wishing to move from a tenure-track faculty line or a P&S staff line to a renewable term faculty position must apply for a vacant position for which recruitment has been authorized. A renewable faculty member wishing to move to a tenure-track faculty or P&S line must apply for a vacant position for which recruitment has been authorized.

C. Responsibilities and Rights of Renewable Term Faculty

The standard expectation for a renewable term faculty is that teaching is the predominant activity. The position does not have a research component or expectation of research accomplishment, although those activities may be present in some cases.

D. Notice of Non-reappointment

A renewable term appointment can be terminated at the end of any term, provided that written notice has been given by the University by March 1 of that year.

E. Limitation

No more than 8% of the FTE faculty in any one college can be renewable term unless an exception is made by mutual agreement between the United Faculty and the Executive Vice President and Provost.

II. Clinical Faculty

A. Clinical faculty hold faculty positions through which they contribute to the service, teaching, and/or outreach missions of the University. Clinical faculty are not eligible for tenure.

B. The Clinical Faculty designation is used for positions that require clinical teaching and/or clinical supervision and/or clinical direction, and Clinical Faculty positions are limited to the following academic units: Communication Sciences and Disorders; Health, Physical Education and Leisure Services; Curriculum and Instruction; and Social Work. Clinical Faculty positions can be authorized in other academic units with the approval of the United Faculty Central Committee and the University Administration. The professional productivity expected of clinical faculty does not include research of the sort expected of tenure-track faculty. The number of such appointments will not exceed 3% of the tenure-track FTE of a college. Clinical Faculty will not be used for faculty positions where classroom teaching is the sole or primary form of instructional activity.

C. Any individual wishing to move from a tenure-track faculty line or a P&S staff line to a clinical faculty position must apply for a vacant position for which recruitment has been authorized. A clinical faculty member wishing to move to a tenure-track faculty or P&S line must apply for a vacant position for which recruitment has been authorized.

D. The clinical faculty will not have access to the summer fellowship programs or other research-oriented faculty development programs.

E. Clinical Faculty shall be part-time, term, or renewable term type appointments

F. Each authorized academic unit may include at least one FTE Clinical Faculty, but the total number of FTE Clinical Faculty shall not exceed 10 percent of the authorized academic unit’s tenure and tenure track FTE faculty; and

III. Administrative Reports

During the period of time this Memorandum of Understanding (MOU) is in effect, the Executive Vice President and Provost will report the number of faculty hired pursuant to this MOU, the percentage those faculty represent of the total FTE faculty by college and will verify the use of an appropriate search process as specified in I. A. 2 above to United Faculty on or before January 1st and June 30th of each year.

Whereas, the Memorandum of Understanding will automatically expire on June 30, 2013; and
Whereas, if upon expiration, the subjects of this Memorandum of Understanding become part of the Master Agreement, then all persons granted appointments under the terms of this Memorandum of Understanding will have the terms of their employment governed by the new terms of the Master Agreement. If upon expiration the subjects of this Memorandum of Understanding do not become part of the Master Agreement, then all persons granted appointments under the terms of this Memorandum of Understanding will become ordinary term or part-time instructors, as appropriate.

IN WITNESS HEREOF, the parties have caused their duly authorized representatives to execute this Memorandum of Understanding to be effective as of the Effective Date.

MEMORANDUM OF UNDERSTANDING

Whereas, the Board of Regents, State of Iowa, as governing body for the University of Northern Iowa (UNI), hereinafter referred to as “Employer” and UNI-United Faculty, hereinafter referred to as “United Faculty” are parties to a Master Agreement setting the terms and conditions of employment for faculty covered by the agreement; and

Whereas, during negotiations for the current Master Agreement the Employer and United Faculty agreed that this MOU will become effective July 1, 2012.

Whereas, the committee members agree that definition of workload is a necessary prerequisite to discussions about overloads, the Employer and United Faculty accordingly agree:

**Purpose.** The purpose of this Memorandum of Understanding (MOU) is to provide a mechanism for insuring that teaching activities, which have typically been reflected in a faculty member’s teaching load as measured by credit hours, will be appropriately recognized as part of a faculty member’s workload.

A second purpose is to increase communication about workload assignments within and across departments.

**Definition of Teaching Activities.** The workload for full time probationary and tenured faculty members includes teaching, research/scholarship/creative work and service. The standard form of instruction consists of a course offered by an academic department and delivered in a traditional classroom or classroom equivalent setting, such as through distance education and field work/clinical activities or assignments associated with that class. Non-standard activities include but are not limited to independent studies, thesis advising, supervision of field experiences, and direction of musical ensembles or theatrical productions.

**Overload.** The expected teaching load for faculty members is twelve credit hours. However, to facilitate research/scholarly work/creative work, faculty members are normally assigned to teach nine (9) credit hours of teaching a semester with an equivalent of three (3) credit hours of work load allocated for scholarly or creative work and service.

Faculty members who are assigned and agree to more than the equivalent of twenty-four (24) credit hours of teaching and scholarly or creative work and service during the regular academic year shall receive overload compensation for the work at the part time per credit hour rate specified in Article 8 Section 8.3. The determination of whether a faculty member’s scholarly or creative work and service is sufficient to be allocated credit hour equivalency is made by the department head in consultation with the faculty member’s dean.

**Credit Hour Conversion.** Both the Employer and United Faculty recognize and acknowledge that certain non-standard teaching activities are employed by departments and are a part of a faculty member’s teaching loads. When a department regularly uses non-standard forms of instruction to deliver its curriculum, the Department Head or School Director shall develop, in consultation with the Dean of the College, a description of how the non-standard forms of instruction are converted to equivalent credit hours to be counted toward a faculty member’s teaching workload. The credit hour conversion used to determine teaching loads, along with a description of how the conversion was determined, shall be distributed to all probationary and tenured faculty members in the affected academic department or school no later than the first class day of the 2012-2013 academic year. A copy of the conversion description shall be provided to the Dean of the College, to the Executive Vice President and Provost and to the Executive Committee of United Faculty.

This MOU will not affect the current methods for determining whether or not courses taught through the division of Continuing Education and Special Programs are part of a faculty member’s teaching load and the method of compensating faculty for teaching courses for the division.
