Description:

This class is designed to give students the opportunity to study Spanish at the intermediate level and also to review some content from previous classes. Students will be exposed to previously studied materials and learn new ones in a communicative manner.

The goal of this course is to develop the student's communicative abilities in all four skills (speaking, listening, reading and writing). At the same time, the course deepens the understanding of Hispanic cultures. The textbook focuses on seven major communicative functions: describing, comparing, reacting and recommending, narrating, expressing likes and dislikes, hypothesizing, and talking about the future. This helps move the emphasis out of the grammar and into communicative situations and tasks.

Texts and Required Materials:

Punto y aparte Foerster, Lambright and Alfonso-Pinto. Available at University Book and Supply.

Manual que acompaña Punto y aparte. Available at University Book and Supply.

Student responsibilities in the course:

1. Reading and preparing the work for class as indicated in the syllabus and/or assigned in class.
2. Actively participating in class activities, both orally and in written form, and **only in Spanish**.
3. Completing and self-correcting homework assignments as indicated in the syllabus.
4. Preparing three oral presentations about topics from the cultural section of the book.
5. Writing two compositions.
6. Taking all tests: two written exams, plus a comprehensive final, and two oral exams.
7. Filling out the index cards as indicated in the textbook.

Oral presentations:

Every student will be required to give three brief, five minute oral presentations, **working in pairs with another student**. Choose a topic from the Rincón Cultural section of the textbook, and do some research about the place in question. More specific guidelines will follow.

Class participation:

The grade will be based on factors such as preparedness for class activities, participation in class activities (particularly, in small group activities), and use of Spanish vs. English. Just being in class does not count as participating. **The use of English during the class will count against your participation grade.**

Attendance:

Attendance is required and checked daily. You are allowed four absences. After the fourth absence, your participation grade will be lowered. The only cases in which more than four absences will be accepted are for representing the university in a University-sponsored event (documentation required) or serious illness (documentation required). If you know you will be missing class for a valid reason, talk to me ahead of time to arrange to make up the work you will miss.

Workbook Assignments:

Follow the instructions for each exercise, and complete the assignments timely. After you are done, **you are responsible for correcting** your exercise. Check the answer key at the back of the book, and correct your **mistakes in a different color ink**. In order to receive full credit, evidence of correction must be provided.

Fichas (Index Cards):

Use your fichas (3x5 index cards) to create vocabulary lists related to the topics in the *Hablando del tema* section of each chapter.

At the end of each chapter, I will collect and grade your fichas.

Requirements on compositions:

1. Compositions and other written assignments must be typed or done by computer, **double spaced** (so I have room for comments) with a 12-point font and 1-inch margins. Since compositions will be done in two drafts and will be revised, it is for your own convenience that you should do them by computer, including special characters, such as ñ and accent marks.
 2. Compositions of more than one page must be stapled together.
 3. Assignments are to be turned at the beginning of class on the day they are due. Assignments will not be accepted late except in cases of excused absences. Assignments which are not turned in are counted as zero.
 4. Please note that written work done outside of class is expected to be your own work, without the help of others. This includes tutors.
- (Assignments which do not meet these requirements will not be accepted and will be counted as zero).

Please refer to section 3.01 (Academic Ethics/Discipline) of the Student Handbook for UNI policies on cheating and plagiarism.

5. Students must turn in two drafts for each composition. The final grade of the composition (over 50 points) will be raised or lowered depending on the grade of the first draft:
- + raises grade 2 points.
 - leaves grade the same.
 - lowers grade 2 points.
 - lowers grade 5 points.
6. Failure to turn in one of the two drafts will result in a lowering of 10 points over the final grade for the composition.
