Planning layout of No.56 land in Dalian economic and developing zone
Location of Dalian economic and developing zone

The location of the 3PL features convenience with easy access to roadway, railway and waterway transportation. It is a bridge between Guangdong, Shanghai and Northeast region and also a pioneer of FAW logistics in Dalian.
3PL Planning Blueprint

3PL occupation area: 162,155m²
3PL plant area: 34,200m²
VW-FAW planning production: 300,000 units/year
FAW Dalian Diesel-DEUTZ planning production: 100,000 units/year
