

Siarez Internet Access

At this time, the price for satellite Internet service has not been determined. Research to find a company with service to that location is being conducted.

Service hookup would be to the Ruben Dario School in the future library area.

The youth in the Psicosocial Group propose to staff the facility in the afternoon and evenings as volunteers.

The Parent Teacher Association proposes to provide night security on a volunteer rotation to make sure the investment is not disturbed.

Once the facility is in operation, it will be operated much like an Internet Café to cover the ongoing costs of service and supplies.
